

The Medhospital Foundation Members

Standards of Independence

No Member qualifies as "Independent" for purposes of membership on the Foundations Member committee:

1. if in the opinion of its other Members, the Member has a relationship with the Foundation that would interfere with the exercise of independent judgment in carrying out responsibilities of a Member;
2. who is employed by the Foundation this year or previous year;
3. who is a partner of any organization or entity involved in agendas other than the areas which the Foundation itself is involved or believes in.
